Introduction

The D.O.TEC[®] EXBOX.UMA is controlled by a remote software application - *'EXBOX.UMA Remote'*. This application provides access to all settings and features of the device.

This document guides you through the necessary installation steps.

Visit <u>http://www.directout.eu/en/support/downloads/exbox.uma.html</u> for download of the latest version of the EXBOX.UMA Remote¹.

If you haven't done so far, you may need to install the D.O.TEC[®] USB Audio driver to your operating system. The installation guide and the driver installer are available at: <u>http://www.directout.eu/en/support/downloads/exbox.uma.html</u>

Installation

- 1. Unpack the zip archive (setup_exbox_uma_remote_v100.zip)
- 2. Launch the Installer Package (UMA_Setup.exe)
- 3. The installer will guide you through the installation process:

4. Specify the destination of the application:

10 UMA Remote 0.9.0	- • •
